FAQ

---

I can only provide very limited support for Mac OS X SDRplay Home Page Check the box below and then click the 'Start Download' button to download the software.. rtl-sdr com/rtl-sdr-quick-start-guide/) don't install easily (I understand they refuse to install due to security issues or restrictions).

It works with SdrDx Many thanks to SWLing Post contributor, Gary Wise (W4EEY), who writes:A good friend of mine recently bought an RTL-SDR (Version 3) from Amazon after seeing the unit in action at my house.. Gqrx binary package for Mac OS X, experimental build and known to have problems.. 11 El Capitan, and I wanted to be able to use the RTL dongles with my favorite SDR software on the Mac,SdrDx.. Built on Mac OS X 10 11 but might work up to 10 15 (SourceForge) On Mac you can also install the latest version through Macports and probably also other package managers like Homebrew.
